

**MSPMentor.net names Grove Networks
To the MSPmentor 501 Global Edition**

**Annual Report Identifies
World's Top 501 Managed Service Providers (MSPs)**

April 6, 2015: Grove Networks has been named to the Penton Media's annual MSPmentor Global 501 Edition, a distinguished list and report identifying the top 501 managed service providers (MSPs) in the world.

"We are pleased to have been included in this distinguished group," said Andrew Judge, President/CEO, Grove Networks. "Being in the Top 501 MSP's worldwide is an amazing tribute to our team and culture."

The MSPmentor 501 report is based on data from MSPmentor's global online survey, conducted October-December 2014. The MSPmentor 501 report recognizes top managed service providers based on a range of metrics, including annual managed services revenue growth, revenue per employee, managed services offered and customer devices managed.

"MSPmentor congratulates Grove Networks on this unique honor," said Marcia Parker, Executive Director, Penton Technology. "Qualifying for our MSPmentor 501 Global Edition puts Grove Networks in rare company."

Grove Networks (www.grovenetworks.com) is a managed services and systems technology integrator providing end-to-end solutions that ensure business integrity for small-medium and enterprise-level clients. From design through deployment Grove Networks is an advocate for our clients to strategically align their business and IT objectives. We architect, implement and manage IT solutions spanning cloud computing, infrastructure, enterprise management, VoIP and security. The company is headquartered in Miami, FL.
